Reinforcement Challenge: Simple Login and Managing School Needs

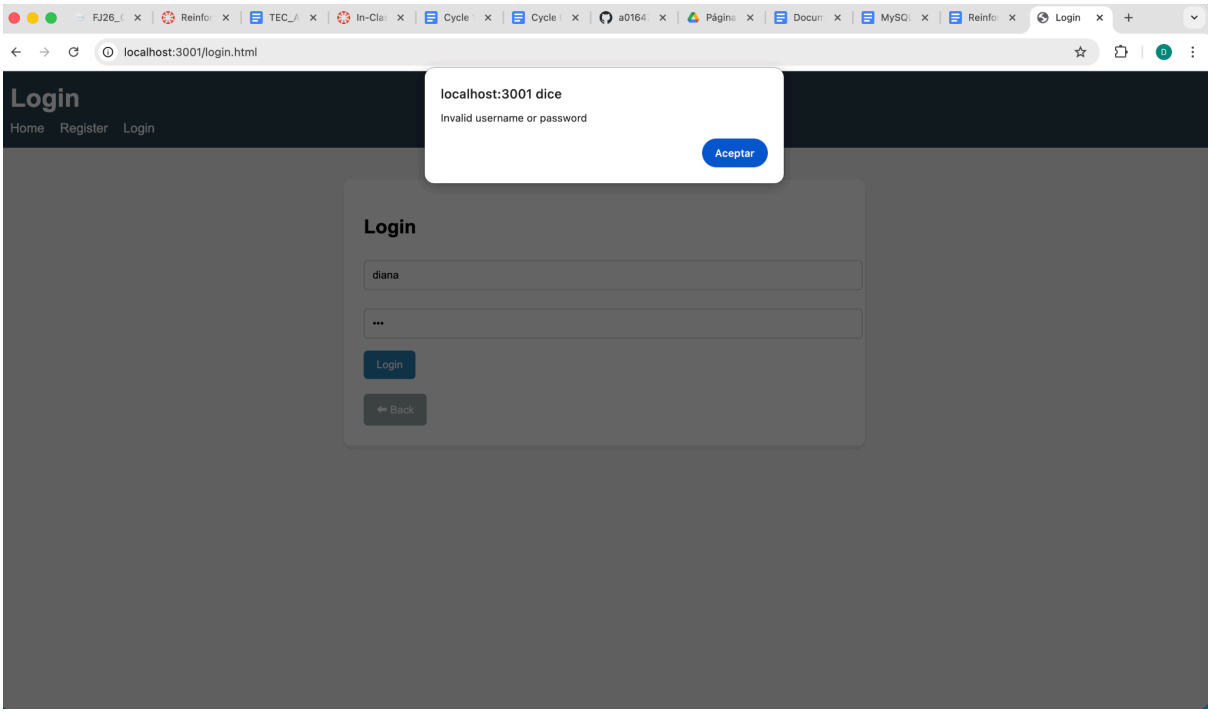
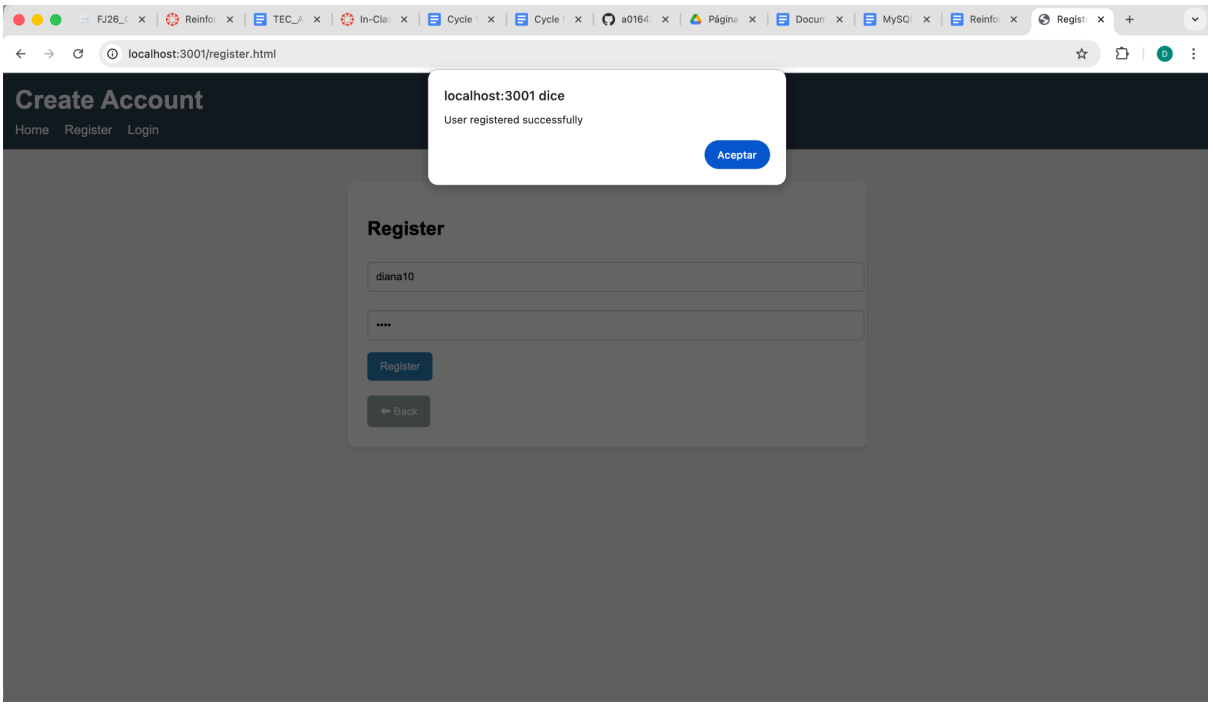
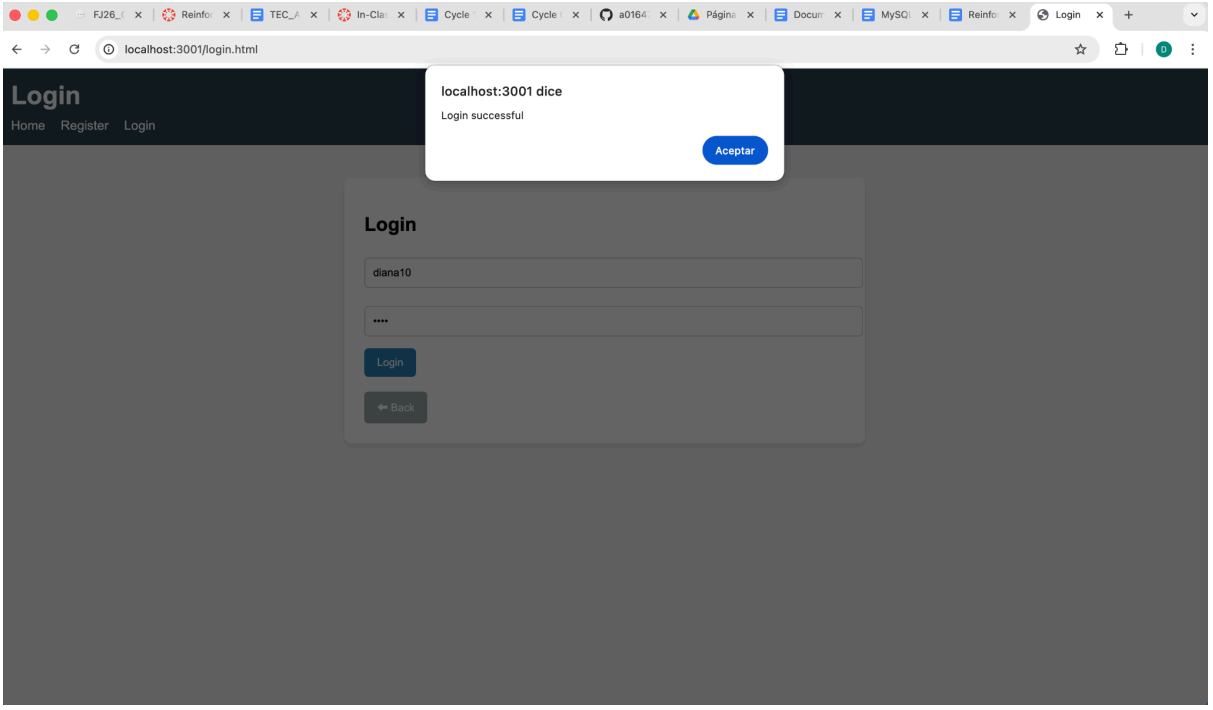
Try to log in with a random user. The system should reject the login.



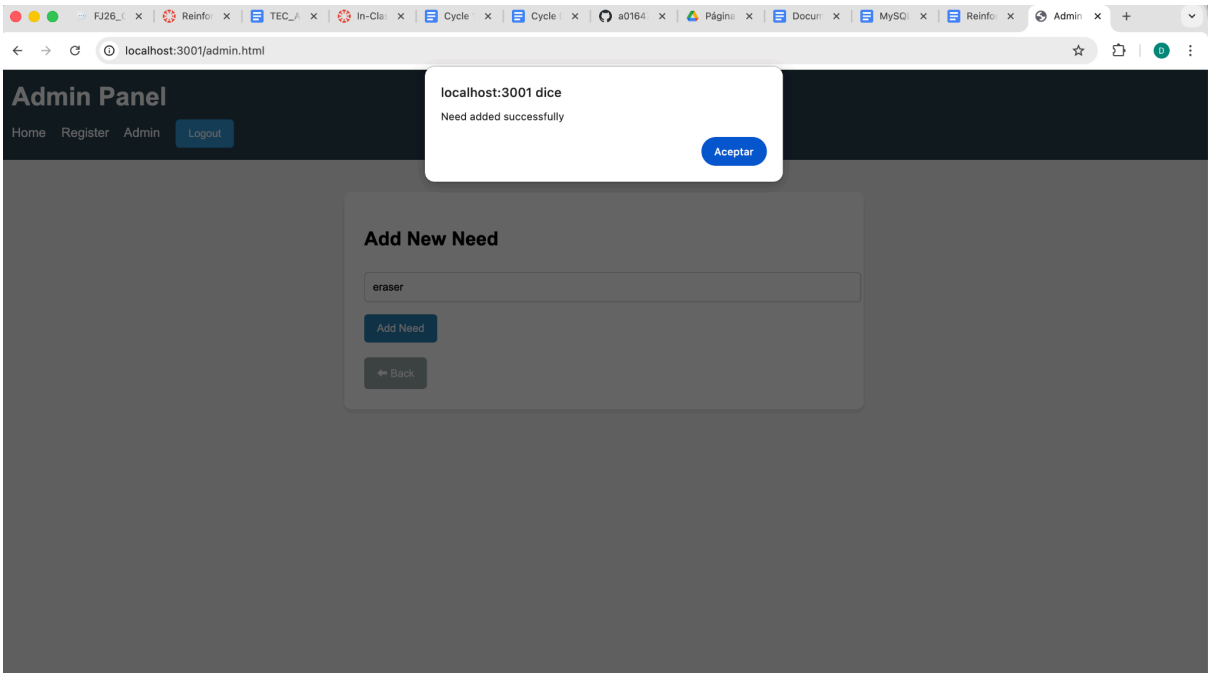
Register a new user on the Register page.



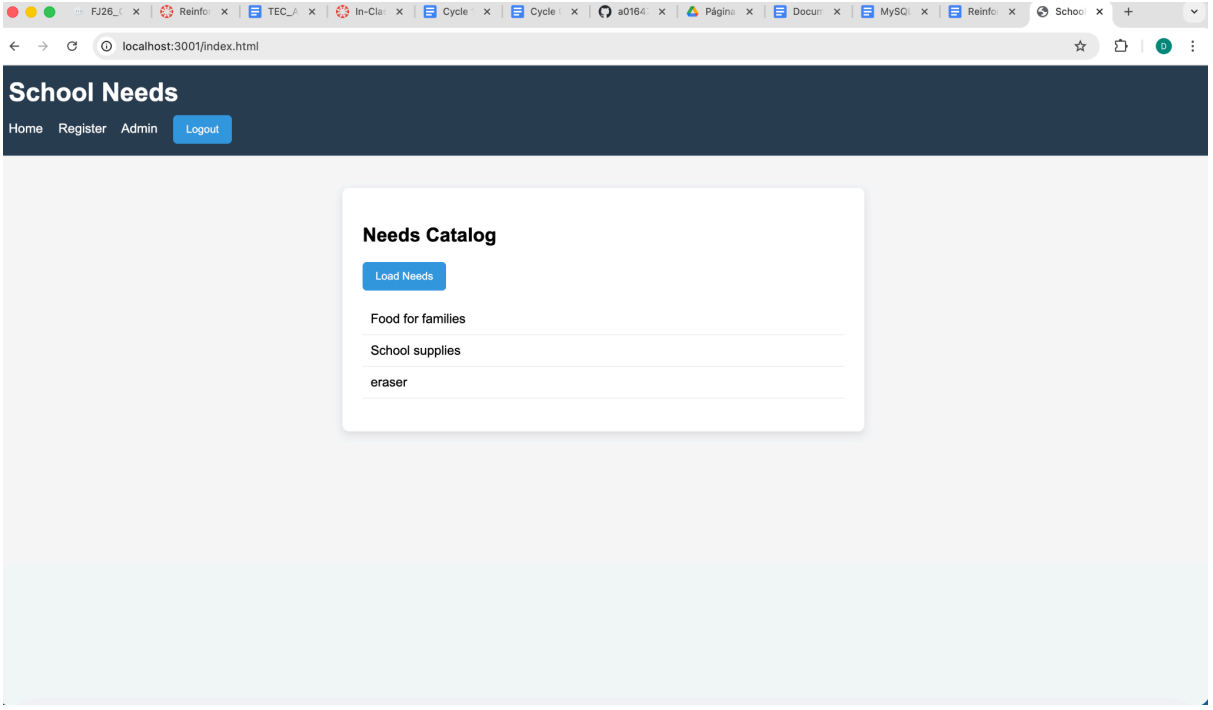
Try to log in with the newly registered user.



The Admin screen should appear. Try adding a new need.



Go back to Home and load the needs. You should see the new one you added.



Log out. After logging out, you should no longer be able to access the Admin screen.
